ENJOY THE VARIETY AND EXCELLENCE OF BASQUE GASTRONOMY IN VITORIA-GASTEIZ

Spécial products are the essence of local culinary culture. The partridges of La Alberuela, salt from Añana and, of course, black truffle from the Álava mountains are among the most representative dishes of the Basque Country. Without doubt, they are genuine star products that deserve a special mention.

You can appreciate the character of our wines. The Rioja Alavesa Wine Route, with its 400 wineries, offers wine tasting where you can appreciate the character of our wines. Beside the wineries, from small family-owned bodegas to well-known brands with sites created by famous architects like Ghery or Calatrava.

Here, you can taste excellent wines at over 400 wineries, from small family-owned bodegas to well-known brands with sites created by famous architects like Ghery or Calatrava. Along with the city's places of greatest interest. Other areas near the Ensanche area are perfect for having a light bite in the late evening, such as the Plaza del Renacimiento, the district of Judimendi or the cathedral, where you'll taste potatoes with chorizo and vine shoots.

In the rest of Álava, the gastronomic offers are just as good and showcase excellent local products, the tradition of Basque cuisine and the talent of some of the century-old baking specialities: some of them centuries-old, that make specialities such as truffles and perretxikos (spring mushrooms), honey and Idiazabal cheese, the patron saint of the farmers, from Álava, salt from Añana and, of course, black truffle from the Álava mountains, the salt has been produced in this traditional way for over 7,000 years, celebrated by great chefs.

Some of the dishes that you simply must try are 'goxua' (a truffle and cheese sandwich) and 'txistorra' (a traditional Basque sausage) or 'latxa' sheep, a native breed, are at the heart of exquisite traditional dishes, such as 'latxa' sheep, a native breed, are at the heart of exquisite traditional dishes, such as truffles and perretxikos (spring mushrooms), honey and Idiazabal cheese, the patron saint of the farmers, from Álava, salt from Añana and, of course, black truffle from the Álava mountains, the salt has been produced in this traditional way for over 7,000 years, celebrated by great chefs.

GATHERINGS, TASTINGS AND COOKERY COURSES

Pintxo bars are, without doubt, the best presentation card for the city of Vitoria-Gasteiz. 

EXHIBITION HALLS AND FAIRS

GASTRONOMY IN VITORIA-GASTEIZ

Enjoy the variety and excellence of Basque gastronomy in Vitoria-Gasteiz.

The landscape at the Salinas de Añana is unique, with a salt marsh that has been produced in this traditional way for centuries. Ecological channels that distribute the saline water throughout the valley are a wonderful spectacle. On the cliffs overlooking the salt marsh, you can buy different varieties of salt produced in this traditional way.

The tallest in Spain. In the municipalities of Laudio, Leaño, and Añanás, the wide valley opened by the Nervión river and the Salto de Urcabide is surrounded by green meadows and typical Basque farmhouses. An evergreen environment, characterised by the presence of numerous birch trees, poplars, and pine trees, creates a wide variety of landscapes.

The city has many options for all tastes and budgets which combine the excellence of the raw materials used and our exquisite dessert, the “goxua”, at vallesalado.com/SALT-VALLEY-HOME. Book your visit at: vallesalado.com/SALT-VALLEY-HOME.

The city of Vitoria-Gasteiz is the capital of Álava and the capital of the Rioja Alavesa wine region. It is the third largest city in Spain and the tallest in Spain. In the municipalities of Laudio, Leaño, and Añanás, the wide valley opened by the Nervión river and the Salto de Urcabide is surrounded by green meadows and typical Basque farmhouses. An evergreen environment, characterised by the presence of numerous birch trees, poplars, and pine trees, creates a wide variety of landscapes.

The most traditional recipes are prepared for the festivals that take place on the streets of the city. On the Day of Her Floods, the gorges are filled with water and the floods are opened to the public. The water is then collected in buckets and taken to the fountains, where it is used to quench the heat of the summer. On the Day of the Shepherd, the gorges are filled with water and the floods are opened to the public. The water is then collected in buckets and taken to the fountains, where it is used to quench the heat of the summer.

The strength of the water current and the speed with which it flows are so great that it is possible to stand in the water and feel the force of the current. The water is so clear that it is possible to see the rocks and plants at the bottom. The water is so cold that it is possible to feel the chill of the current. The water is so strong that it is possible to feel the strength of the current. The water is so beautiful that it is possible to feel the beauty of the current.
