SPORT AS A SIGN OF IDENTITY

The Urban Garden Route and the Green Belt will connect in turn with local roads, green-ways, urban pathways and well-established trails that lead you through enchanting areas. They are extensive gall oak forest. Other highlights are the Vitoria Mountains, which stand as a mountain range with an average altitude of 1,000 metres, beech forests and an area of natural spaces and green routes. In fact, almost three quarters of the surface of Álava benefit from some level of protection.

Bicycling

Vitoria-Gasteiz was historically a pasture for domestic animals and today is one of the regions in Spain where cycling is your thing, in two natural parks near Vitoria-Gasteiz: the Sobrón and Hontza Extrem Adventure Parks (aventurasobron.com  /  bit.ly/hontzaen). Other options are ‘Cycling and mountain biking: trail running, cycling and mountain biking’, ‘Bicycling routes and competitions’ and others:

• Mountain biking centres, cycle routes, trail running, climbing schools, horse riding, paragliding and activity companies: bit.ly/guiadeportealava
• Mountain biking centres and mountain bike hire: bit.ly/v-g.eus/biking
• Cycle hire: bit.ly/v-g.eus/cycling
• Cycle routes and competitions: bit.ly/v-g.eus/annualevents
• Mountain biking clubs: bit.ly/v-g.eus/mountain\bi"cycling

Vitoria-Gasteiz is your city with many cycle paths and cycle routes. The capital of Álava is one of the best cities in Spain to get around by bicycle. For a quiet walk, a good option is to follow the La Senda Path (Francisco Fray) or the Salburua Path (Salvada or the Sierra de Toloño).

The La Senda Path begins in Lohe and crosses the village of Araski before turning into the National Park of the Armentia Forest. The Salburua Path (Salvada or the Sierra de Toloño) is another castle worthy of a visit to our area, which has 11 climbing schools and 260 climbs. It is one of the most visited mountain forests in Spain, ideal for rock climbing, mountaineering, and adrenaline sports.

The La Senda Path is a dirt road, a way of walking and cycling that begins in Lohe and crosses the National Park of the Armentia Forest. Esquivel. such as Villa Suso, Montehermoso and Escoriaza--forget its churches and Renaissance palaces.

Its historical heritage. The historic quarter of Vitoria-Gasteiz, declared Monumental Complex in 1997, preserves its medieval layout intact and contains parts that take visitors back to bygone eras. This is the case of Santa María Cathedral, which is home to the best collection of sacred art in the Basque Country and the New Cathedral or the María Inmaculada, which houses the best collection of sacred art in the Basque Country and the National Capital of Fine Arts Museum, which houses the best collection of fine art in the Basque Country. The Museum of Sacred Art contains one of the best collections of sacred art in the Basque Country, the Fine Arts Museum, which houses the best collection of fine art in the Basque Country, the Arms Museum, which houses the best collection of arms in the Basque Country, and the Arms Museum, which houses the best collection of arms in the Basque Country.

Its gastronomy and wine. Vitoria-Gasteiz is surprising at international level. Discover it!

Vitoria-Gasteiz is surprising at international level. Discover it!

Be Green. Vitoria-Gasteiz is a sustainable tourist destination. That accredits its status as a Biosphere Responsible Tourism, which has held the European Green Capital in 2012, since 2016 and the National Capital of Gastronomy in 2014, in Vitoria-Gasteiz it is possible to try the most traditional dishes and the most innovative creations of Basque cuisine.

The Arquillos (Arcades) of Olaguibel (18th century) bridge the difference in height between the Plaza de España and the main square.

The Pintxos are the star dish and many people will be able to taste them in the San Miguel Market, popular because it is the oldest and largest market in Vitoria-Gasteiz. The Pintxos are the result of the city's tradition of confectionery.

Eno-gastronomy. In the Enoturismo Alava Alavesa, with more than 6,500 years of history, which is a UNESCO World Heritage Site.

Vitoria-Gasteiz is surprising for its nature. It is one of the European cities with the largest residual areas of green space to walk, run or cycle for a relaxing day, thanks to being the European Green Capital 2012. Awards the status as a certified Sustainable Tourist Destination (SSTD) and the Global Green City 2012 renowned accolade in one of the most environmentally-conscious cities at an international level, Gasteiz.

Its historical heritage. The Wizigot quarter of Sancho I is the witness of this European Capital of Culture 2016. In the city, the Plaza de España and Plaza de Estación give way to pedestrianization and shopping infrastructures. The Ebro, orriolos (its streams and canals) in addition to those in the Ebro River and the Ebro Canal in order to water the city, they take place in La Estación, from the early 19th century, in the green zone, with an extensive network of pedestrian and cycling paths, the Ciutadillas walking Childhood. There we can see, beside the European City, a unique icon of the modern movement, the Arco de la Reina, that has become a housing for the Tavira community.

The best is that Vitoria-Gasteiz is surprising for its nature.
