

Salburua

life around water

Didactic unit for the student

1st year Primary

P

1st year

1. "TELL ME WHAT KIND OF BEAK YOU HAVE AND I'LL TELL YOU WHAT YOU EAT"

We're going to make a coot's beak!

Just follow these steps:

1. Draw a semicircle on a piece of white card using a stencil..	
2. Cut out the semicircle.	
3. Make a cone with the semicircle and fasten it with adhesive tape.	
4. Draw an ellipse on the white card using a stencil.	
5. Cut out the ellipse.	
6. Join the ellipse and the cone with adhesive tape.	
7. Staple the ends of an elastic band to both sides of the cone.	

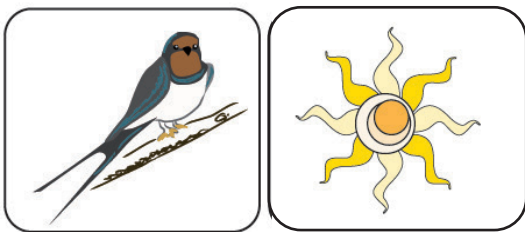

2. SALBURA CHANGES WITH THE SEASONS

Join each drawing with its corresponding season:

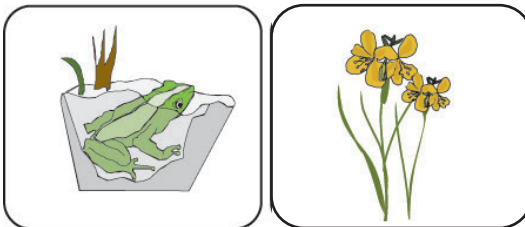

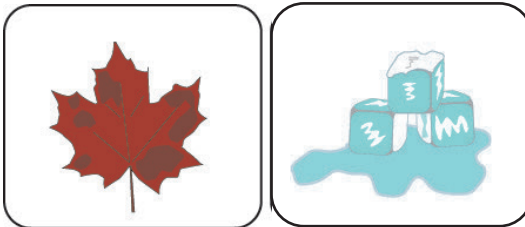

winter

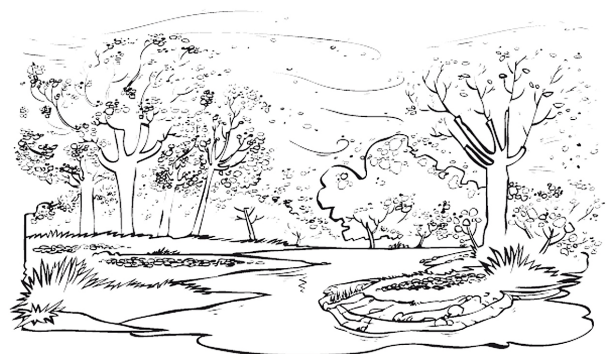

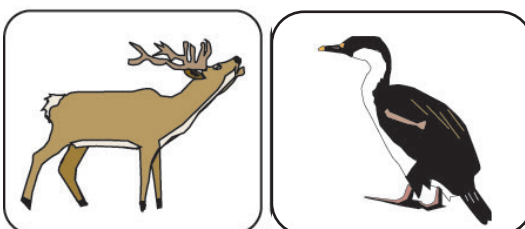

spring

summer

autumn
